U.S. Work Authorization: H-1B Status

PROFESSIONAL PROFILE

I am a macroeconomist whose research lies at the intersection of macroeconomics and finance, with a focus on macro-financial stability, banking-sector resilience, and monetary policy design in emerging and developing economies. By combining structural modeling with empirical analysis, I investigate how fiscal-monetary interactions and financial intermediation shape business cycles, credit allocation, and systemic risk. Ultimately, my work aims to inform the design of coherent policy frameworks that strengthen macroeconomic stability and promote sustainable, inclusive growth.

ACADEMIC APPOINTMENTS

2025-Present **Assistant Professor of Economics**
Allen University, Columbia, South Carolina

2023-2025 **Graduate Instructor**
Southern Illinois University Carbondale

2021-2023 **Teaching Assistant / Research Assistant**
Southern Illinois University Carbondale

2019-2021 **Graduate Instructor**
Eastern Illinois University

2017-2018 **Teaching & Research Assistant**
Kwame Nkrumah University of Science and Technology (KNUST)

EDUCATION
